

# Swoop<sup>34</sup> CONCRETE POLISHER

The **Swoop34™** is the industry's fastest walk behind concrete polisher. Utilizing three independently driven high-speed polishing pads, the SWOOP34™ cuts a 34" path and polishes up to an incredible 5,000 square feet of concrete floor per grit per hour. This means that one operator can bring a 5,000 square ft. floor from prepared concrete to a high gloss finish in one working day. No other machine can match that performance. Direct driven and powered by three independent 5 horsepower 460V, 3-phase motors operating at 1725 RPM, the Onfloor® SWOOP34™ is the fastest dedicated concrete polishing system in the world.

# Swoop<sup>34</sup> CONCRETE POLISHER

## Handle

Adjusts to the operator's height for increased comfort and reduced fatigue.

## Safety trigger

Stops the machine when the operator lets go of the handle.

## Direct drive motors

3 x 5 HP, 460V, 6 amp, 1725RPM.

Effectively uses polishing pads from 16 through 3000 grit.

## Built in volt meter

Monitors electrical input.

Integrated electrical panel allows for easy access to circuit breakers and on-board power ports.

## Polishing deck

Pivots backward for fast, safe and easy tool change.

## SPECIFICATIONS

<b>Order No:</b>	219320
<b>Motor:</b>	5 HP; 3 Phase, 460V
<b>Current:</b>	6 AMPS
<b>Speed:</b>	1725 RPM
<b>Rear Wheels:</b>	8"
<b>Rear Casters:</b>	3.5"
<b>Vacuum Inlets:</b>	Dual 2"
<b>Dust Skirt:</b>	4" Heavy Duty Rubber
<b>Integrated Receptacles:</b>	(2) 460V (1) 230V-277V
<b>Pad Drivers:</b>	(3) 12" Velcro Backed
<b>Circuit Breakers:</b>	(2) 460V 20amp (1) 230V-277V 10 amp

### Optional Accessories:

DYN1540 Tri-Motor Vacuum	
<b>Order No:</b>	214876
<b>Vacuum Motor:</b>	(3) 1 HP, Two Stage, By-Pass; CFM: 230
<b>Waterlift:</b>	82"
<b>Current:</b>	11.0 AMPS
<b>Sound Level:</b>	85dB
<b>Power Cord:</b>	30 Ft. 18/3 Wire Grounded Safety Yellow
<b>Capacity:</b>	10 gallon

Polishing production up to 5,000 square feet per grit per hour.
